📍 *Lagos, Nigeria (Open to relocation)*

· 2 years of experience working with large-scale datasets to develop data-driven solutions that positively impact businesses and enhance overall user experiences
· Attaining expertise in Python programming, exploratory data analysis (EDA), and machine learning (ML).
· Enthusiastic team player with a commitment to delivering value within an organization that fosters growth.

📰 Technical Skills

Programing Languages:
Python, SQL

Python Libraries:
Pandas, NumPy, Matplotlib, Seaborn, Requests

ML Libraries:
Scikit-learn

Data Visualization Tools:
MS Power BI, Excel

Other Tools:
MS Office (Word, PowerPoint, Access, Outlook), Google Workspace (Gmail, Docs, Sheets, Drive)

Soft Skills:
Problem-Solving, Critical Thinking, Cross-team Collaboration, Communication, Report Writing.

💼 Experience

Machine Learning Intern, Sync Intern's (Remote) *July 2023 - Present*
- Deployed Python programming language for data cleaning, preprocessing, and feature engineering with a 50% continuous improvement on the quality input for ML models.
- Developed and deployed machine learning models to enhance company software products.
- Collaborated and effectively communicated with cross-functional teams to understand business requirements and translate them into practical ML solutions.

Project Assistant, AfricanBio Medical Tests Ltd *December 2022 - present*
- Developed and maintained a database of customers in Excel sheets and improved data accuracy by 30%
- Identified areas of improvement in website features and functionalities and ideated solutions that led to a 15% increase in usability of product by customers.
- Developed clear and actionable dashboards using Microsoft Power BI to generate insights for business development.
- Delivered comprehensive reports on business intelligent research to senior management on monthly basis for implementation on next line of growth,

🎓 Education

Master of Technology, Federal University of Technology Akure *2021*
Biochemistry

Bachelor of Technology Biochemistry, Federal University of Technology Akure *2016*
Biochemistry

📇 Certifications

Certified IBM Data Science Professional, Coursera E-Learning 🔗

Certified Data Science Fellow, Women Techsters Fellowship 🔗
